

## Select Graph

User

GRAVIS

selectGraph(index)

```
sequenceDiagram
    participant User
    participant GRAVIS
    User->>GRAVIS: selectGraph(index)
```

The diagram is a UML sequence diagram titled "Select Graph". It features two lifelines: "User" and "GRAVIS". A message arrow originates from the User lifeline and points to the GRAVIS lifeline, with the label "selectGraph(index)" written above the arrow. The lifelines are represented by vertical dashed lines.
